Who are we?

The Help and Information Center on Harassment in the Workplace (GAIHST) is a non-profit community organization located in Montreal, established in 1980, that helps victims of sexual, psychological, and/or discriminatory harassment in the workplace.

As the only organization in Quebec dedicated exclusively to combating workplace harassment, GAIHST's main objective is to break the isolation experienced by people facing such situations and to raise public awareness about the issue of workplace harassment.
